OPEN SOURCE EXPERIENCE

VICE PRESIDENT, APACHE COMMUNITY DEVELOPMENT

The Apache Software Foundation

April 2021 – Present

- Apache Community Development project creates and provides tools, processes, and advice to help open-source software projects improve their own community health
- Apache Community supports 350+ open source Projects and Initiatives under the Apache umbrella to grow their communities.

EXECUTIVE SUMMARY

Having 7+ years of experience in Open Source & committed to spreading the Open Source Awareness

Open Source philosophy inspired me and its principles have been an ideal way for me to collaborate with the community and build software. I was blessed to work in open source from the very first day of my career.

In my professional journey, I have contributed to numerous open-source projects varying from ERP, CMS, Progressive Web App domain like Apache OFBiz, Roller, Vue Storefront, Storefront UI, Peregrine CMS, etc. And was involved in a wide variety of roles in these FOSS projects like the founder, lead, mentor, core contributor, evangelist, etc.
